/Much more than just an airport

Welcome to our 5-Star-Airport. Munich Airport offers you excellent connections to all over the world – and much more besides ...

**Top-class ambience**  
Comfortable seats and recliners in the departure areas invite you to read or switch off. The redesigned business zones with more than 30 places enable passengers to work in a relaxed atmosphere. The Recreation Areas in Terminal 2 have been tastefully designed as wellness oases.

**Wide range of services**  
Munich Airport shows that its passengers and visitors are dear to its heart with its attention to many small details, such as service facilities for families with small children. The departure areas are equipped comprehensively with sockets and USB ports for laptops, tablets or mobile phones.

**170 stores and Gastronomy to suit every taste**

**Efficient processes**  
We constantly improve the processes throughout the travel chain, such as for security checks and passport control. For example, an increasing number of passengers use the automated border control system EasyPASS, which allows them to enter and leave the country on their own.

**Simple orientation**  
Munich Airport makes it easy for its guests to find their bearings thanks to clear, intuitive guidance. Numerous InfoGate terminals provide information on flights, arrivals and departures, shopping, gastronomy and other services at the airport, for example.

**Exceptional hospitality**  
With their exceptional service orientation, 32,000 employees help passengers and visitors have a wonderful stay. Campaigns like the »Day of Kindness« or events in the Visitors Park show that Munich Airport is more than a place to take off and land at.

**Service nonstop**
