 مطار أبوظبي
 ABU DHABI AIRPORT
 Abu Dhabi International Airport
Terminal 3
Departure Map

From Abu Dhabi

Abu Dhabi International Airport is located 38km southeast of central Abu Dhabi. It's easy to find your way there, as three main roads lead from the city centre to the airport:

- 2nd Street (Sheikh Rashid Al Maktoum Street)
- 8th Street (Salam Street)
- 30th Street (Khaleej Al Arabi Street)

From 2nd Street: Sheikh Rashid Al Maktoum street merges into the E22 highway (Abu Dhabi – Al Ain Road). Continue on the E22 until you see the airport signs. Then turn onto the E20 heading north, simply follow the airport signs on the E20 until you reach the airport; it's clearly signposted.

From 8th Street: Salam Street merges into the E10 heading to Dubai. Continue along this road until you pass Al Raha Beach, there will be airport signs along this road. Turn right and continue to follow the airport signs which are clearly signposted.

From 30th Street: Khaleej Al Arabi Street merges with the E20 highway. Once on the E20 follow the airport signs until you reach the airport.

From Al Ain

Travel on the E22 highway (Abu Dhabi - Al Ain Road) for approximately 132km, then join the E11 highway going north (Dubai bound). Then turn onto the E20 heading to Abu Dhabi and the airport.

Simply follow the airport signs until you reach the airport; it's clearly signposted.

From Dubai

Travel on the Sheikh Zayed Road (E11 highway) for approximately 80km towards Abu Dhabi. The road then becomes the E10 highway continuing towards Abu Dhabi city.

Keep following the signs towards Abu Dhabi. After the signposts for Yas and Saadiyat Islands, there is a turning to Abu Dhabi International Airport.

Simply follow the airport signs until you reach the airport; it's clearly signposted.

Estimated journey times
