A detailed map of an airport terminal, likely Terminal 3, showing the layout of gates and various facilities. The map includes a search bar at the top left and a sidebar with links for flight search, check-in, food, shops, deals, baggage, services, and an ask chat feature. The main area shows a complex network of walkways and gates, with gates E72 through E92 clearly marked. Each gate is accompanied by a yellow box with a white 'X' and the gate number. The map also features icons for food, drinks, transportation, parking, washrooms, and services. A vertical column on the right indicates the terminal's levels: Level 3 (red), L3 (blue), L2 (light blue), and L1 (light grey). The bottom right corner includes zoom and scale controls.
